Readiness Assessment Quiz #1

10 questions. 1 points each. 10 points total possible.

- This is a closed-book quiz.** You are not allowed to consult notes or any information from any other source. You may write on the quiz.
- Put your name and Team number** on the top of the first page of the quiz. You can remove this page to use during the group quiz.
- Identify the BEST answer for each question.** Sometimes several answers are “correct.” Of those correct answers, identify the best one, given the facts, answers, and the call of the question.
- Circle your answer on this quiz.**
- You will take the quiz individually.**
- After you take the quiz individually, you will take the quiz as a team.** Give yourself the following points:
 - 10 points if the answer is correct the first time
 - 7 points if the answer is correct the second time
 - 4 points if the answer is correct the third time
 - 1 points if the answer is correct the fourth time
 - 0 points if the answer is correct the fifth time
- You must return this quiz to the team folder after the team has completed the quiz.** It is a violation of the conduct code to reproduce this quiz in any way. If quizzes or quiz pages are missing, the entire team earns 0—individually and as a team.

- **Appeals:** As a team, you may appeal the answer. You may appeal **only** if the team got the answer wrong. Appeals are open-book, must be in writing, and submitted by the end of class. (See Appeal Form). If a team appeals and is successful, only that team and any individuals of that team will receive full points for the accepted alternative answer. In the appeal, you must identify the correct answer your team chose, and *why* that answer is the best answer. If an individual gets the answer correct, and the team appeals, the individual still gets full points. Appeal results will be announced next class.
